

# 2023 Proposed Senate Map

Senate Democratic Caucus, November 28, 2023

## Court Mandate

**Add 2 Black majority districts in south-metro Atlanta without eliminating any minority opportunity districts.**

## Fair Districts GA assessment

A remedy map should meet the Court's mandate without making any other unnecessary changes. We oppose mid-cycle redistricting, the practice of changing maps between decennial censuses for political gain.

We ask 2 key questions:

- Does the map implement the remedy required by the Court by adding Black majority districts? (Note: The Court may use additional criteria to judge compliance beyond basic demographics.)
- Does the map contain other changes, unrelated to the prescribed remedies, affecting partisan balance or competitiveness of districts?

## What is a Fair Map?

Fair maps are an essential component of Free and Fair Elections. Fair Districts GA Foundation believes that maps should:

- Reflect the natural political preferences of voters distributed across the state
- Allow for competition
- Reflect Georgia's diversity by providing sufficient minority-majority opportunity districts and complying with the Voting Rights Act
- Preserve minority influence districts
- Honor communities of interest

Fair Districts GA Foundation is a non-partisan, non-profit organization that works to encourage a fair and transparent redistricting process in Georgia. Last revised December 2, 2023.
